Special package offer:
26.950 €

NPD 900H Hydraulic davit

Hydraulic power pack is integrated inside davit. All the equipment is fully protected inside davit for reduction of maintenance cost and safer launching. Included full marine paint and release hook.

Main data

Capacity: 900 kg

Rescue boat RRB 425

Noreq's rescue boats have a special design which ensure great stability, as the outer and inner hulls are shaped in separate moduls. The buoyance tank provides sufficient buoyance to keep the boat afloat when flooded and fully manned. The boat wil be delivered with an outboard engine 25 hp.

Main data

Type	Dimension (LxWxH)	Max seating (p)	Speed (knots)	Davit Weight (tons)
RRB 425	4.45 x 1.84 x 0.75	6	6	859

NOTE: Special offer is valid for orders confirmed within June 2009 and delivered before 31.12.2009
